

Essex 
Boot Camp.

Bentwaters Parks
An exciting & historical
corporate day out

essexbootcamp.co.uk

Historical backdrop

Bentwaters Parks cover approximately 1,000 acres of Suffolk Countryside. The site encompasses various landscapes, unique military buildings and a 40 acre enterprise park.

There is a great diversity of history and buildings ranging from large hardened aircraft shelters to secure bunkers once used for weapons storing during the cold war.

Adventure & Fun

The vast range of the park creates a perfect venue for an authentic military style boot camp. We can recreate military style assault courses within woodlands, abseiling from water towers and a variety of secret missions. You can sleep in barracks used by soldiers during the war and explore the vast history of the bunkers and disused buildings ideas for recreating military style activities. Or sleep under the stars in army tents.

Every aspect of your adventure will be recreated to mirror a military experience. It won't be for the faint hearted! But will provide a fun, action packed fitness and team building adventure.
